### Professional Summary

Senior Software Developer with 17+ years of international experience in full-stack and mobile development, delivering more than 20 scalable applications across Germany, UAE, and China. Proven expertise in JavaScript, TypeScript, ReactJs, React Native, NextJs, and NestJS. Skilled in building products from scratch — blending deep technical skills with business logic, e-commerce, logistics, and cross-cultural product management. Based in Germany and available for remote or on-site work, with EU work authorization.

### Summary of Qualifications

- 17+ years of full-time experience in software development (frontend, backend, and mobile)
- Led projects for e-commerce, marketplaces, and cross-border logistics
- Experience working in Germany, Dubai (UAE), and Guangzhou (China)
- Delivered full products — from idea to launch — for both startups and established businesses
- Specialized in multilingual, mobile-first platforms (Arabic, Chinese, German, English)
- Strong communication, team leadership, agile collaboration, and mentoring
- Business-aware thinking: UX, monetization, SEO, growth, and analytics

### Core Technical Skills

- Languages & Frameworks: JavaScript, TypeScript, HTML5, CSS3, SCSS, ReactJs, React Native, AngularJs, Node.js, NestJS, Express, Ionic, Capacitor
- Frontend Tools & UI Libraries: NextJs, Tailwind CSS, Ant Design, Framer Motion, Redux Toolkit, React Query, RTK Query, webpack
- Mobile Technologies: React Native, Redux Toolkit, Immutable.js, Multiplatform Android/iOS
- Backend & Dev Tools: NestJS, REST APIs, GraphQL, RxJS, Git/GitHub, Docker, GitLab CI/CD
- Other Skills: Cross-browser development, RTL support (Arabic), SEO optimization, Firebase, WordPress integration, Agile/Scrum, SaaS, product planning, responsive design, user experience

## Professional Experience

### Founder & Full-Stack Developer — Alanaat.com

Germany | Aug 2024 – Present

- Launched full-stack classified platform with NextJs, NestJS, and React Native
- Implemented dynamic filtering, geolocation, and RTL Arabic-first UI
- Served 50,000+ users across multiple product categories (real estate, vehicles, jobs)
- Owned full product lifecycle: design, frontend, backend, infrastructure, and publishing

### Full-Stack Developer — Saydatex GmbH

Dubai, UAE | Aug 2019 – Jun 2024

- Built React Native mobile app with support for 5 currencies and 4 languages
- Delivered full e-commerce flow: catalog, cart, authentication, order tracking
- Managed advanced state with Redux Toolkit + Immutable.js
- Delivered localized UX for Arabic-speaking users across UAE, Jordan, Iraq, Kuwait, and Oman

### Co-Founder & Lead Developer — JmlaDoor GmbH

Guangzhou, China | Jan 2016 – Jul 2019

- Developed cross-border marketplace using Ionic 6 + AngularJs + Capacitor
- Arabic + Chinese support with international payment integrations
- Features: supplier rating, bulk order logic, logistics, chat, and user management
- Bridged cultural & language gaps between Chinese vendors and Arab wholesalers

### Software Developer — Gold Spider GmbH

Dubai, UAE | Nov 2011 – Dec 2015

- Developed and maintained web applications tailored for real estate and business sectors
- Collaborated with product owners and designers for optimized UX

### Software Developer — Techno Smart GmbH

Abu Dhabi, UAE | Jan 2009 – Oct 2011

- Participated in building internal ERP tools and customer platforms
- Built foundational experience in development workflows and QA

## Education
